Re: Illegal use of the name "Freedom Logistics®"

Dear Sir or Madam:

Our firm represents Tranzact Technologies, Inc. fka Tranzact Systems, Ltd., and the company is the duly registered owner of the service mark, "Freedom Logistics®". "Freedom Logistics ®" is registered in the United States Patent and Trademark Office under registration number 2,120,561 and is now uncontestable. Tranzact Technologies, Inc. has developed this service mark at great expense. Tranzact Technologies, Inc. has continuously used this service mark as a critical part of its entire enterprise that extends nationally.

On October 10, 2007, it came to Tranzact Technologies, Inc.'s attention that you have recently leased warehouse space in Lebanon, Tennessee and, further, that you are holding yourself out to shippers that you are acting as a transportation broker. Prior to that date, Tranzact Technologies, Inc. had never heard of your company. A search of the Federal Motor Carrier Safety Association - SAFER system on October 11, 2007 confirmed that you are registered as a transportation broker of motor carriage with interstate authority and that you are using the "Freedom Logistics" name. Your use of this service mark in the area and in the manner, or in a deceptively similar manner, as used by Tranzact Technologies, Inc. is likely to cause confusion among various carriers with whom Tranzact Technologies, Inc. deals. Your use also is likely to cause confusion among the various shippers with whom Tranzact Technologies, Inc. deals. confusion extends to members of the public generally. Tranzact Technologies, Inc.

SULLIVAN HINCKS & CONWAY

demands, effective immediately, that you cease and desist from using the words "Freedom Logistics" or any other deceptively similar marks likely to cause confusion, mistakes or deceive members of the transportation public with whom Tranzact Technologies, Inc. has dealings or is likely to deal.

Your use of the "Freedom Logistics" name in conducting a freight brokerage business is particularly suspicious considering the fact that your parent company, K & K Trucking, Inc. of Gordonsville, Tennessee, also has Federal authority to carry on business as a broker of motor carriage. One probable explanation is that you have expanded your "Freedom Logistics" operation to capitalize on the goodwill generated by my client in the business of Freight Brokerage.

A copy of the service mark issued by the U.S. Patent and Trademark Office is attached to this letter. Any use of the service mark on and after the date of receipt of this letter will be deemed an intentional use and willful infringement. The use will be willful, wanton and with knowledge that such use imitates the service mark of Tranzact Technologies, Inc. Use of the mark with this knowledge can only represent intent to cause confusion, or to cause a mistake or to deceive and such a continued use will be so treated by Tranzact Technologies, Inc.

This service mark is protected by Federal Law under 15 USC §§ 1111 through 1117. These statutes include provisions for injunctive and compensatory relief as well as attorneys fees. Should you fail to comply with this demand as of the receipt date, Tranzact Technologies, Inc. will take all actions necessary to protect its interest and to stop your illegal conduct. These actions will include pursuing a formal civil action against you, including obtaining an appropriate injunction.

Compliance can only be assured by an affirmative commitment from you. Please telephone or otherwise contact the undersigned to affirmatively inform my client that you have immediately ceased all use of the name "Freedom Logistics" or other deceptively similar marks, and to further inform us of your commitment hereafter to continue to cease and desist from all further use and reference to "Freedom Logistics" or other deceptively similar marks.

Your Letter to Steve Shaffer, President of Freedom Logistics, Inc., dated June 4,

1998

Dear Attorney Conway:

Mr. Shaffer has requested that I assist him in resolving his present conflict with your client regarding the use of his corporate name, Freedom Logistics, Inc.

As Mr. Shaffer has informed you, Freedom Logistics, Inc. has ceased using the name Freedom Logistics as a service mark in response to your demand letter of May 21, 1998. Freedom Logistics, Inc. is now doing business solely under the name "Freedom Transportation Services". Mr. Shaffer has changed his letter head, invoices, company checks, internet postings, and all other forms of written and electronic communications to reflect this name change. Mr. Shaffer has also sent a letter to each of his customers to explain the need for this name change, hoping to eliminate any possible confusion that this inadvertent and limited use of the name Freedom Logistics may have caused your client.

Mr. Shaffer properly registered his company as Freedom Logistics, Inc. with the state of Delaware in January of 1998. Mr. Shaffer will limit the use of the name "Freedom Logistics" by his company to reports and forms filed with various government agencies and to legal agreements with institutions not in the trucking industry, such as banks or financial institutions.

Freedom Logistics, Inc. is no longer infringing your client's service mark. Additionally, Freedom Logistics, Inc. has taken all reasonable steps to quickly correct and eliminate any possibility of confusion that may have resulted from its brief use of this service mark. Under these circumstances, I am unaware of any legal basis to support your claim that your client's registered trademark gives it the right to demand that Freedom Logistics, Inc. change its corporate name.

If I can provide any more documentation to address your client's concerns, please contact me at 717-840-8740.

Sincerely,

Contract and Legal Protection

We have worked with several transportation lawyers and reviewed numerous existing shippers' contracts. This has allowed us to create a contract that protects all of the parties involved in the relationship.

It is critical that carrier relationships are based on this contract for a number of reasons:

- Provides the control necessary to implement
- ♦ Eliminates potential overcharge claims associated with carrier bankruptcy
- Removes risk of possible carrier non-compliance with HR 2121 legislation
- Abolishes the need for filed tariffs in accordance with the Regulatory Reform Act of 1994
- With the elimination of the ICC a contract provides the necessary rules of engagement
- Allows you to tailor rules and accessorial charges as they pertain to your business

A contract will also allow you to initiate a true partnership relationship with Freedom Logistics and your carriers. It clearly spells out the obligations and compensation expected from both parties while simplifying operations and reducing administrative costs for everyone.

Shipment Level Measurements Starlite

This is a screen print of our reporting software showing the relevant information captured for each of your shipments. Each shipment is benchmarked comparing the price that was paid to the historical cost. Shipments are also compared to the least cost and best service alternative to show the lost potential. On a shipment by shipment basis we will measure savings.

Inbound Management

Routing Map for:
Pittsburgh, PA
Pete's Pizza Corp.

Our process includes both inbound and outbound transportation. We will assist your purchasing department in developing a routing guide to maximize savings and service. When vendors do not follow the routing guides, the tools are then in place to charge the vendors the additional costs associated with the non-compliance.

Building Your Bottom Line Through Performance - Not Promises

Letter From The President

If you are a mid-market company and you are concerned about being "out-executed" in logistics by your competition, we have great news: You can now compete with them on a level playing field!

Today, the market leaders are focusing on the role of logistics in managing the supply chain, but managing logistics can be confusing and time consuming. This is especially true for many mid-market companies who recognize managing logistics is not their "core competency". These companies can not afford to spend hundreds of thousands, or even millions of dollars, to hire logistics professionals to develop the technology necessary to manage this function.

Consequently, they are confronted with a challenge: How can we use logistics as a competitive differentiator when we are not "big enough" to get the most competitive rates or take advantage of multi-million dollar technology? One phone call to Tranzact can positively address that challenge.

With one phone call, you can become a member of the Freedom Logistics Network. The Freedom Network has been specifically designed for mid-market companies who want to eliminate the hassle and confusion of managing complex logistics initiatives. The Freedom Logistics Network is for companies who want to start realizing immediate cost savings by reducing their logistics costs.

So if you are concerned about being "out-executed" when it comes to managing logistics, relax, the Freedom Logistics Network can provide you with "peace of mind." It's the peace of mind that comes from knowing you are one phone call away from accessing a wealth of expertise and technology to handle your logistics needs and requirements.

Give Tranzact a call today to learn more about the Freedom Logistics Network.

Sincerely,

Michael A. Regan

Subject: Fw: new Sales Rep for K&K Shane Stark

Here's what I know. Seeing the Freedom Logistics name got my attention. K&K is a sizeable TL carrier for Famous. I haven't met Donny Kemp, the owner of K&K and don't know what the relationship really entails between the sister companies. Please keep this e-mail thread confidential.
